Lakeshia Dunevant, Asst. Principal  
Cortney Groce, Counselor

Dear Parents,

As I reflect on this past year, I am grateful to serve a community, which came together during a time of uncertainty and unforeseen challenges. We thank you for your continuous support and are excited about this upcoming 2021-2022 school year.

Our school was awarded an ADSY (Additional Day School Year) Grant from TEA this year. The grant has made it possible for us to add 30 additional days to our school calendar. This a gifted opportunity to close the learning gaps which students developed due to Covid-19. This year our students begin school on July 19 and end school on June 22. We are an I-Zone ADSY campus and are committed to transforming the educational experience and improving student outcomes through personalized learning, integrated technology, enhanced curricular opportunities, and a focus on social/emotional supports. Our students will engage in a high quality curriculum, blended learning, extended school year, diagnostic assessments, and social-emotional learning.

Our High Quality Curriculum includes CRIMISI & Texas Home Learning Resources which are TEKS-aligned. Students will engage in Blended Learning opportunities that will combine online educational materials and opportunities for interaction online and with our traditional place-based classroom methods. Our teachers will use student data from diagnostic assessments to ensure that every child's instruction is personalized to their individual needs. It is important to us that every student has a sense of belonging, empathy, and connectedness to their school family. This year we will utilize the Quaver Social Emotional Curriculum which promotes a culture of caring for everyone.

Safety is our focus and priority as we return to our campus and begin to establish daily routines and procedures, which will maximize student learning. This summer our custodial staff has spent numerous hours deep cleaning our campus and preparing for the return of our staff and students. Sanitizing stations have been set up throughout the school for both staff and students to use.

Two- way communication between home and school is vital to ensure the academic achievement and progress of our students. We are committed to achieving our academic goals and responding to the needs of our learning community that we serve. In the days to come, we must remember **TOGETHER** we are better and **we win as a Team**. We embrace the future and look forward to empowering our students to reach for success. Our Clark Primary team is committed to **HELPING ALL TO SUCCEED...Every Student, Every Teacher, Everyday!**

If I can be of assistance to you, please do not hesitate to email me at [Cynthiag@springisd.org](mailto:Cynthiag@springisd.org) and visit our school website for updated school information.

Respectfully,

Cynthia Gomez

Principal
