

Student State Assessment History Reports Now Available Online

Student State Assessment History Reports are now available online for students in grades 3-5 who have taken the STAAR test. This report provides more information on your child's score and can show you their progress from year-to-year.

To access your 3rd-5th grade student's State Assessment History Report, please visit <https://www.texasassessment.com/>.

Click on "Login to Student Portal"

You will be prompted to enter your student's access code and date of birth. The access code can be found on your child's most recent STAAR Report Card.

If you do not have a STAAR Report card, click on "Where's my access code?" and a screenshot will show where it can be retrieved from a student's STAAR Report card from the previous year.

OR

Select "Lookup Access Code" and enter the student's first name, PEIMS ID and date of birth. If successfully entered, the six-digit access code will appear.

Click "Go" and the student's testing history will appear.

If you have questions or need assistance with this process, please contact Turkessa Taylor at ttaylor@springisd.org.
