Dear Parents,

At Meyer Elementary, our scholars are our future. We work hard every day to make sure they are 21<sup>st</sup> century citizens and lifelong learners. Our mission is being committed to ensure a safe and secure learning environment with high levels of learning for all students rooted in best practices through ongoing professional collaboration. Meyer's educational foundation is based on the CHAMPS professional development model.

All students are valued on our campus. Meyer Mustang Scholars strive for greatness, and push themselves to maximize their potential. Our Scholars pursue excellence in all subject areas. Students are provided learning opportunities to develop academic skills with the confidence to become self-directed learners.

Teachers and parents build partnerships to meet the needs of the students. This partnership enables stakeholders to be actively involved at Meyer.

### **Meyer Beliefs**

- We will base our decisions on what is best for our students.
- We will strive for excellence in all we do.
- We will build trust through integrity and lead by example.
- We will communicate openly.
- We will value diversity and treat everyone with dignity and respect.
- We will win as a team.

### **Spring ISD Vision**

Spring Independent School District will be a district of choice known for high quality academics with innovative and specialized programs that meet the needs of all students in a positive learning environment.

## **Discipline Philosophy**

The Meyer discipline philosophy is based on CHAMPS. It is designed to provide maximum opportunities for students to learn. The CHAMPS acronym stands for Conversation, Help, Activity, Movement, Participation, and Success. It is a **set of decisions** used to guide teachers to build and implement a proactive and positive approach to classroom management. CHAMPS believes students will be treated with dignity and respect. Teachers will reinforce CHAMPS expectations for students while in the classroom, cafeteria, hallways, restrooms, and online. Teachers will provide a model of discipline that trains, corrects, and molds the student's moral character. It is essential to develop strong positive relationships of trust, respect, and acceptance with each student.

Teachers will develop a positive learning environment with a climate of mutual respect where students feel safe to take risks that will promote social and academic growth. Procedures will be taught to students and must be expressly practiced to ensure that everyone knows what to do and how to do it. Teachers will be proactive in meeting psychological and sociological needs and implement management techniques that minimize disruptions and maximize time on-task.

Students must adhere to the following at all times...

- Follow the CHAMPS rules and procedures at all times.
- Be prepared for school every day.
- Be present and engaged all day, every day.
- Keep hands, feet, and objects to yourself.
- Be respectful of myself and my peers.
- Complete all assignments and daily tasks.
- Be accountable and responsible for myself.
- Follow directions the first time given.

Again, CHAMPS is the classroom management system utilized district-wide. Most discipline situations are handled by the classroom teacher, in communication with the parent. Students who persist in disruptive behavior or commit a serious infraction are referred to the office. Consequences will be determined by administration and will be in accordance with the SISD Student Code of Conduct.
