

# IDENTIFICATION PROCESS -FALL

**Phase I: All students in grades K-3 are screened using the Kingore Screener in September.**

**○Phase II: Campus Committee recommends students for GT testing (based on data from screener). GT testing consists of CogAT and a rating scale that includes intellectual, academic, creative, artistic, leadership, and motivation areas.**

**○Phase III: Student data is sent to the district committee for the identification/selection process.**

## IDENTIFICATION PROCESS-Spring

**Phase I: Students can be nominated by campus personnel, past records, or by a parent/guardian.**

**○Phase II: Campus Committee recommends students for GT testing. Testing consist of CogAT and a rating scale that includes intellectual, academic, creative, artistic, leadership, and motivation areas.**

**○Phase III: Student data is sent to the district committee for the identification/selection process.**
