### Performance Objective 1 Problem Statements:

#### Demographics

**Problem Statement 1:** At TES, our African American students continue to perform below all other ethnicity's on our campus. **Root Cause:** African American scholars have significant learning gaps and the opportunities to fill those gaps during the school day are limited.

**Problem Statement 3:** The gifted and talented population is less than 10%, which is significantly lower than the gifted population of SISD. **Root Cause:** There is a lack of awareness of gifted and talented characteristics in TES' diverse population of bilingual students and students who are economically disadvantaged.

#### Student Learning

**Problem Statement 1:** TES students are not performing on grade level in reading and math. **Root Cause:** Increased learning gaps from COVID that has spanned throughout the school year.

**Problem Statement 2:** All students have experienced gaps in learning as a result of COVID 19 and the extended school closure. **Root Cause:** Students had difficulty retaining intervention instruction and accelerating with on grade level curriculum due to large learning gaps created during COVID.

**Problem Statement 4:** TES 5th grade scholars did not meet the goal of 52 at the meets level on the science STAAR. **Root Cause:** There is inconsistent instruction due to teacher vacancy and the inconsistent use of the Science scope and sequence across the grade levels and implementing the Gradual Release of Responsibility Model with higher level learning tasks.

#### School Processes & Programs

**Problem Statement 1:** Ensuring that a viable and engaging curriculum is implemented with fidelity and consistently across all grade levels and contents within the school. **Root Cause:** Lack of support with district and campus resources in reading, math, and science.
Problem Statement 2: The capacity of all faculty and staff when implementing with fidelity the SpringWay Systems and Routines. Root Cause: Lack of training for all faculty from the campus and district level.

**Performance Objective 1 Problem Statements:**

### Demographics

**Problem Statement 1:** At TES, our African American students continue to perform below all other ethnicity's on our campus. **Root Cause:** African American scholars have significant learning gaps and the opportunities to fill those gaps during the school day are limited.

### Student Learning

**Problem Statement 1:** TES students are not performing on grade level in reading and math. **Root Cause:** Increased learning gaps from COVID that has spanned throughout the school year.

**Problem Statement 2:** All students have experienced gaps in learning as a result of COVID 19 and the extended school closure. **Root Cause:** Students had difficulty retaining intervention instruction and accelerating with on grade level curriculum due to large learning gaps created during COVID.

**Problem Statement 3:** Scholars with low attendance performed poorly on local and state assessments. **Root Cause:** Lack of motivation in scholars and parents to get them to school daily and on time.

**Problem Statement 4:** TES 5th grade scholars did not meet the goal of 52 at the meets level on the science STAAR. **Root Cause:** There is inconsistent instruction due to teacher vacancy and the inconsistent use of the Science scope and sequence across the grade levels and implementing the Gradual Release of Responsibility Model with higher level learning tasks.
Problem Statement 1: Ensuring that a viable and engaging curriculum is implemented with fidelity and consistently across all grade levels and contents within the school. Root Cause: Lack of support with district and campus resources in reading, math, and science.
Goal 3: ENGAGEMENT-Empower family and student voices in support of positive student outcomes

Performance Objective 1: By June 2023, implement at least two high-leverage strategies to engage families and communities that best meet the needs of the stakeholders. Campus will determine the measures of success for PARTICIPATION and IMPACT.
