Traffic Flow Plan

Safety is our top priority and it is imperative that all parents and scholars follow the traffic flow plan to ensure everyone's safety.

Bus Riders:

This year we have 16 regular buses and 4 SPED that will drop off and pick up scholars at the back of the school off Walters Road.

Car Riders:

Morning: All cars will enter off Spears Road onto the campus and loop around the parking lot to drop off students at the front of the building.

Afternoon: All cars will enter from Walters Road and exit onto Spears Road out of the parking lot.

Walkers/Bike Riders:

Morning: All scholars will walk to the stop light at Spears Road and Walters Road. When signaled students will cross over Spears Road and walk the sidewalk up to the entrance of the campus.

Afternoon: scholars will be dismissed last out of their pod doors from the front of the building. They will walk to the traffic light and wait to be signaled to cross the street using the crosswalk.
