

September 2017

Greetings Cougar Families,

If your student is new to the school or has received any shots over the summer, please send or bring copies of student immunization records to the clinic. **All 7th graders are required to have the vaccine for meningitis this school year.** If your 7th grader has not received this vaccine or if any student is behind on vaccinations please follow up with your primary physician. If you currently do not have a physician please see locations under the "Helpful Links" Tab for dates, times, and costs where immunizations are offered.

Thank you for your assistance in maintaining a safe and healthy environment for our Cloughton Cougars!
