Dear Parent/Guardian,

Spring Independent School District is proud to offer students the opportunity to participate in Advanced Placement (AP) courses. Advanced Placement participation offers a unique learning experience with a connection to post-secondary success with special emphasis on earning college credit; standing out in the college admissions process; and expanding intellectual and academic skills.

Your student is enrolled in one or more of the AP courses listed below. In order to receive the appropriate credit and GPA weight for the AP course, students must complete the AP exam for each AP course in which they are enrolled. Please note the AP exam fee is paid by Spring ISD.

The 2018-2019 AP Exam window is May 6-May 17, 2019. Please see the AP Exam schedule below for the times and dates of each AP exam. For additional information, please see your child's teacher or counselor.
