The immunization record indicates that the student has received at least one dose of each specified age-appropriate vaccine required, and is on schedule to receive subsequent doses as rapidly as medically feasible. Student must not be overdue for next dose in series to be considered provisional.

The student may be enrolled provisionally. A school nurse or school administrator shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccine(s).

The immunization record indicates that the student is delinquent with a vaccine, or a dose in a vaccine series.

The student must provide proof that he/she has received the required vaccine; otherwise, the student is not in compliance, and the school shall exclude the student from school attendance until the required dose is administered.

Students without an Immunization Record

A student has never attended school before, or is transferring from out of state.

The student cannot be enrolled until an immunization record is provided. Once received, if the immunization record indicates that the student has received at least one dose of each specified age-appropriate vaccine required and is on schedule to receive subsequent doses as rapidly as medically feasible, the student may be enrolled provisionally.

A student is transferring from another school (within Texas).

The student may be enrolled provisionally for 30 days while awaiting the transfer of the immunization record.

A student is homeless.

The student shall be admitted temporarily for 30 days if acceptable evidence of vaccination is not available. The school shall promptly refer the student to the appropriate public health programs to obtain the required vaccines.

A student is a dependent of a person who is on active duty with the Armed Forces of the United States.

The student can be enrolled provisionally for no more than 30 days if transferring from one school to another and waiting on the transfer of the immunization record.
